Re: Information for Students Regarding Teamsters Concerted Activity

As you may have heard, Teamsters Local 2010 (Teamsters), which represents skilled trades employees within the CSU, has announced plans for a potential strike at all 22 California State University campuses from February 17 through February 20, 2026.

If a strike occurs, our campus will remain open and classes, instruction, and student services will continue. We remain fully committed to supporting your academic progress and ensuring that you have access to the resources and services you need. At the same time, we respect the rights of our employees as this process moves forward.

Classes will continue as scheduled, and facilities such as the Student Center, library, and other student service centers will remain open and operational. Students living in residence halls will also continue to receive all regular housing and dining services.

You may see picket lines at campus entrances during this time. We understand that students may have varying levels of comfort in these situations. All students are permitted to cross a picket line to access campus, or you may choose to use an entrance where no picketing is occurring. You are not required to provide your name or any personal information to anyone on a picket line.

We do not anticipate you will experience any disruptions related to strike activity. However, if at any point you feel uncomfortable or have concerns while entering or moving about campus, please contact Erin Taylor, Director of Employee and Labor Relations (erin.taylor@sonoma.edu | 707.664.2212) who will offer support.

We appreciate your patience as we work to support continuity of learning and campus life during this time. We will continue to share updates as they become available and additional information can be found at <https://hr.sonoma.edu/concerted-activities>. Your education and success remain our top priorities.
